Truckee Section Of New Freeway Is Offered In Bids

8.8 Miles Will Cost About $8 Million; Bids Open December 18

State Director of Public Works Frank B. Durkee has authorized the division of highways to advertise for bids on a multi-million dollar freeway on U.S. Highway 40 through Truckee.

Bids on the project will be opened in Sacramento December 18.

The U.S. 40 project involves construction of 8.8 miles of four-lane freeway from near the east end of Donner Lake to slightly west of Boca. For most of its length the freeway will be on a new location north of the existing highway.

Estimated total cost of the project is $8,800,000. Of this amount $5,400,000 is included in the 1958-59 state highway budget with the balance to be provided from the 1959-60 budget.

The specifications call for construction of 11 structures in addition to grading and paving of the roadway. The major structures include:

Interchange at the entrance to Donner Memorial State Park;

Interchange with State Sign Route 89 (Tahoe City road) west of Truckee;

Interchange with the existing highway near the west entrance of Truckee;

Interchange with State Sign Route 89 (Truckee-Sierraville road) northeast of Truckee;

Bridge and overhead 562 feet long spanning Prosser Creek and the Southern Pacific railroad tracks at Union Mills, near Boca;

Two sets of parallel bridges over the Truckee River near Boca.

The project is one of five major freeway jobs on U.S. 40 east of Sacramento included in the 1958-59 state highway budget. It is the second of the five to be advertised for bids since the new budget was adopted last month by the California Highway Commission.

Bids will be opened December 4 on the previously advertised Hampshire Rocks to Soda Springs freeway project.

Accused Beaters Of Watchman Held

Ray Richard Dyer and Robert Gene Brannon, charged with felonious assault against a 51-year-old one-armed flagman, James Ray Grim of Reno, were held to answer to the superior court following their preliminary hearing before Judge F. W. Wilson in the Truckee Justice Court Tuesday.

Witnesses said thetwo brutally beat and kicked the flagman after he stopped them at a control near Floriston. The victim was in a Reno hospital for several days. The witnesses included Sheriff Wayne Brown, John B. Swope, another flagman, and Deputy Sheriff Ralph Ayala.

District Attorney Harold Berliner conducted the prosecution. Bail was set at $2500 and both were returned to the Nevada County jail to await trial.

BRUSH CLEARING IN AREA COMPLETED

A brush clearing project in the Sagehen Creek area north of Hobart Mills was completed last week by the U.S. Forest Service. The project is part of a statewide plan to convert non-productive brushfields into valuable timber stands.

Only sites with good soils and a high timber producing potential are being selected. About 10 acres were stripped of brush in the Sagehen area.

About 100 additional acres of brushfield in the same area may be stripped and planted to young trees in future years if the 1957 project proves economically practicable. Six thousand Jeffrey pine will be planted in the cleared strips next spring by Truckee ranger district crews, Ranger Roy Saarni said.

EMPLOYMENT OFFICE OPENS HERE DEC. 2

Mrs. Jean K. Stacker, manager of the Auburn office of the state department of employment, was here this week conferring with W. F. Curran relative to obtaining the office of the Curran Distributing Company on the main street to be used to serve applicants for unemployment benefits.

Present plans call for the office to open December 2 and every other Monday thereafter between 10 a.m. and 2 p.m.

Details and exact hours and place will be announced later, Mrs. Stacker said.

HOOP TEAMS ASKED TO CONTACT TAC

The dry ski school was not held last Monday because of the holiday and the school being closed. However, classes will continue per schedule and all are welcome to attend. The next class will be held November 18 at the Tahoe-Truckee High School gym.

The Truckee Athletic Club now has the Tahoe-Truckee High School gym open for basketball practice on Tuesdays and Thursdays, 7 to 11 o'clock and teams planning on playing in the tournament, starting in January, may get in touch with Pat Andres and make arrangements for practice nights.

Sales Tax Meeting Slated On Monday At Nyack Lodge

Weston W. Brunker, acting chairman of the Citizen's Advisory Committee, investigating the feasibility of adopting a uniform 1 percent sales tax ordinance in Nevada County, has called a public meeting to be held at Nyack Lodge at 7:30 p.m. Monday, November 18.

The meeting was called for Nyack to give residents of both ends of the county an opportunity to attend and hear and be heard.

Supervisor H. F. Loehr said he has appointed James Sherritt of Soda Springs as a member of the committee and hoped to have a second member by the time of the meeting.

The supervisors recently voted to table the ordinance to give the committee additional time for further study. There seems to be little opposition to the tax itself, but the proposed division has raised an issue which must be clarified before final action is taken by the board, Loehr said.

Girl Scout Fund Drive November 21

Plans for a Girl Scout fund drive to be held on November 21, were formulated last Friday night by the Truckee Girl Scout finance committee and four women volunteers. All residents of Truckee will be contacted for donations on the day of the drive.

The drive is one of the steps being taken to bring the Truckee Girl Scouts into the Sierra-Nevada Council. This affiliation will make it possible for Girl Scouts from this area to go to the Girl Scout Camp and will also make available to troop leaders the assistance of professional Girl Scout executives in planning well-rounded activities.

Leaders of the local drive will be Mrs. David C. Rose, Mrs. Russell York, Mrs. Preston A. Patnoude, and Mrs. Eva Hallet. Also assisting are Zeph Rose, Lee Apple, and Roy Saarni, members of the Girl Scout finance committee.

THEFT AT DONNER INVESTIGATED AS CASH LOOT FOUND

Deputy Sheriff Ralph Ayala was called to the Donner Hotel Thursday to investigate a robbery, reported by the manager, Kenneth Bass.

Bass reported four bottles of liquor, 10 cartons of cigarettes and a bag containing approximately $100 in cash and checks had been taken during the night.

Later an employe of the establishment, John Ryan, reported finding the money-bag and contents intact in the liquor storage room.

Ayala said no trace of the thief, believed to have had knowledge of the hotel, has been found.

DEPUTY IS BITTEN THREE TIMES BY DOG

Deputy Sheriff Roy Waters is nursing three dog bite wounds in one arm as a result of being bitten while on a hunting trip to Fallon during the weekend. None of the wounds are of serious nature but one required several stitches to close.

The dog, owned by Fred Pedley of Truckee, also hunting in the area, was chained beside a building and when Waters came upon him suddenly the dog lunged at him.

ELECTRIC SERVICE WILL BE DISRUPTED

Because of necessary emergency work required at the substation of the Sierra Pacific Power Company here, electrical service will be disconinued for half an hour Friday. C. Edmunds, manager of the Truckee Public Utility District, announced.

Power will be off all over the district between 6 and 6:30 a.m., Edmunds was advised.

SODA SPRINGS PAIR PARENTS OF SON

A son arrived at Tahoe Forest Hospital, November 6, for Mr. and Mrs. Allan West of Soda Springs.

The little boy, who weighed 5½ pounds at birth has been named Christopher Ian.

To Pleasant Hill—

Mr. and Mrs. R. Harsten expect to spend several months at their Pleasant Hill residence.

Olympic Planners Propose Change For Squaw Sewer

Disposal Plant On Federal Land Will Cost State Half Million

The Organizing Committee for the 1960 Olympic Winter Games today recommended to the California Olympic Commission the re-location of a permanent $500,000 sewage treatment plant to serve Squaw Valley Olympic installations on U.S. Forest service lands, instead of on a site owned by Wayne Poulsen.

The Poulsen site, a 6-acre parcel, is included in the commission's land condemnation suit pending in Placer County Superior Court.

Prentis Hale, president of the Organizing Committee, forwarded the recommendation to Charles R. Blyth, chairman of the Olympic Commission. Acceptance of the recommendation, Hale explained, would permit removal of the parcel from the condemnation suit and clear the way for construction of the plant on federal acreage already under 30-year lease to the commission.

The cost of a full-biological treatment plant on the federal site has been estimated at $507,000. A firm bid for the construction of a primary treatment plant on the Poulsen acreage totals $358,000. However, Poulsen has demanded $173,000, including damages, for the acreage needed. There would be no land cost involved on the federal site.

Hale expressed regret at the necessity for re-location of the plant. Its construction on the federal site will enable it to directly serve only the state facilities, while a plant of the type designed for the Poulsen site could have permitted valley residents to tie-in with the utility on a rate-paying basis.

After the winter games, all the Olympic buildings and sports installations will become a permanent California State Park, and Hale pointed out that the sewage treatment plant would be essential to their continuous operation.

OLYMPIC COMMISSION PLANS MEET FRIDAY

A meeting of the California Olympic Commission will be held in the conference room of the Charles R. Blyth Company office on the twenty-second floor of the Russ Building in San Francisco Friday, November 15 at 9:30 a.m.

Recommendations by the organizing committee preparing for the 1960 Winter Olympic Games at Squaw Valley will be considered. Chairman Blyth will preside.

HIGH SCHOOL PTA TO MEET TONIGHT

A meeting of the High School P.T.A. will be held tonight at the high school and an interesting program has been arranged.

Mrs. Fred Pedley will give a talk on paid TV and Mrs. Collins will speak on Japan.

All members and guests are urged to attend.

SNEEZE CAUSES CAR CRASH; ONE HURT

A sneeze at the wrong moment sent Miss Iris M. Clifton, 21, Lodi, to the Tahoe Forest Hospital Sunday.

Sgt. Frank Snyder of the California Highway Patrol, reported Miss Clifton, driving her car, west on Highway 40 near Soda Springs Sunday evening, sneezed suddenly and her vehicle crossed the center line and smacked into one driven by Willard R. Bader of Carmichael.

Miss Clifton was taken to the Tahoe Forest Hospital for treatment of minor injuries and received a ticket from the patrol for driving on the wrong side of the road. Bader was not injured.

DONNER DANCERS TO SWING FRIDAY

The Donner Dancers will hold their weekly dance party tomorrow evening in the Veterans Building.

Guests at the potluck supper dance last week were Ted and Waive Bates of Quincy, and Walt and Eva Lynn Pope of Kings Beach.

INVESTITURE RITES FOR SCOUTS TUES.

Investiture proceeding for four members of Donner Troop of Girl Scouts will be held Tuesday evening at 7:30 in the Veterans' Memorial Hall and families and friends of the Scouts are invited to attend.

The four to be honored are Lynn Quartly, Kathleen York, Judy McGwinn and Sara Van Sickle.

SUNBEAMS

By WALTER M. BARRETT

The Christmas season is fast approaching and already the shopping time is at hand. Your local merchants are well aware of this fact and have prepared for the occasion by stocking big stores of gift items. While many storekeepers are not yet displaying their holiday merchandise, many are, and all invite your inspection and patronage. There is no use traveling over temporarily blocked highways and take the risk of mail order shopping when you can equal, and often better, bargains by buying at home. Make this a real trade-at-home Christmas and do yourself and your neighbor a favor. You'll find it pays in many ways to buy at home.

* * *

Action of the Nevada County Board of Supervisors last week in asking further study of the feasibility of the uniform county sales tax ordinance before definite decision is made, was, in our opinion, a wise and unselfish step. We appreciate the fact that at least two members of the board represent incorporated cities, which promoted the tax plan and demanded immediate action and we know the unified action of the board did not meet with unanimous favor among their constituents. The action, however, gave proof that these two board members are acting in the interest of the whole county and we feel confident that they will weigh the matter carefully and reach a decision, only after all the facts are presented and a plan for equal distributions of the funds to be gained is offered.

Ralph Duncan Dies After Retirement

Friends of Ralph R. Duncan were saddened to learn of his death November 8 at Modesto, a week after his retirement as telegrapher for the Southern Pacific Company here.

Funeral services were conducted Tuesday morning by officers of Stanislaus Lodge No. 206, F. and A.M. Lodge with interment at Modesto.

Duncan, a native of Illinois was employed by railroads in the east, beginning his career in 1909, later with Mrs. Duncan he came West and continued his work with the Southern Pacific Company. The couple have lived at Norden for the past 17 years, and on October 31 he retired and they left for Modesto, planning to live there part of the year and return in summer to their place at Lake Forest.

The deceased was a member of F. and A. M. Lodge, No. 200, at Truckee and the Order of the Railroad Telegraphers.

Beside his wife, Alma, Duncan is survived by his mother, Mrs. F. C. Duncan and brothers, Leonard and Harry, all of Illinois.

GUN-TOTING PAIR HELD TO ANSWER

James Manning and James Clark, transients, were held to answer to the superior court when they appeared before Judge F. W. Wilson in the local justice court Tuesday. They were charged with being ex-convicts in possession of firearms.

The two were arrested recently by Deputy Sheriff Ralph Ayala after they allegedly displayed a .22 calibre revolver which they were accused of stealing in Reno. Bail was set at $2500 each and both are being held in jail awaiting trial.

Busy Meeting Conducted By Local Rainbow Girls

A regular meeting of Rainbow for Girls was held November 11, preceded by a potluck dinner.

A fashion show was discussed and new members were accepted during the business session.

ASKS LICENSE

SACRAMENTO (CNS) — The Contractors' State License Board announced it plans to issue a general building contractor's license to John L. Branchcomb and William L. Magill, Branchcomb and Magill, P.O. Box 142, Kings Beach, in 20 days if no protests are received.

Floriston Crossing Problem Is Given Concerted Study

Local Agencies Working To Find Solution To Problem

Continued efforts to relieve a hazardous condition at Floriston involving the barricading of the cross-walks over the Southern Pacific Company tracks, were being made this week as community and county officials attempt to determine the legal responsibility for providing access to the highway from Floriston.

Closure of the cross-walks by the railroad company to protect the company's liability has created a worse situation. Children are now required to travel an additional mile to reach the school bus and this mile includes passing through a narrow underpass, filled with six inches of water.

Paul Hamilton, a resident of the community and father of three school children, has asked Superintendent John Corbin to assist in the effort to correct the condition and Supervisor H. G. Loehr said he has asked District Attorney Harold Berliner to determine the legal responsibility involved.

"We want to help the Floriston people, but right now the legal complications stand in the way. The county has no right of way and the route is privately owned," Loehr declared. "The cost is a secondary consideration, with the legal responsibility being the first thing to determine."

The Floriston Home Owners Association plans a meeting this week to map a course of action.

V. E. Anderson, safety engineer for the SP has said his company will cooperate but cannot be responsible for the hazardous condition of the old cross-walks and cannot finance new ones.

There are some 30 children involved and parents are frankly troubled over the situation.

PATRICK HUGHES IS SEATED AS HEAD OF STATE EMPLOYES

Patrick O. Hughes, the newly elected president of the Donner Chapter of the California State Employees Association, took office at a recent meeting held at Cozzi's Cafe.

C. B. Maynard was installed as vice-president, and John M. Patterson as secretary-treasurer. Bud Meixner is the elected delegate to represent this chapter at the organization's annual general council. The installation of officers was conducted by Frank Estop, regional director, of the CSEA.

Following the installation of officers, plans were initiated for a Christmas party and a committee was appointed.

HIGH SCHOOL GROUP TO VISIT BERKELEY

The Tahoe Truckee High School senior chorus will travel to the University of California at Berkeley Saturday, November 16, to participate in the 15th annual high school singing festival.

There will be approximately 100 high school choirs, choruses and glee clubs involved and will represent high schools from various parts of the state.

The Tahoe Truckee chorus is directed by Ross Price and the following members will participate Saturday at UC: Virginia Fudge, Carolyn Henry, Renee Hall, Marilyn Boyer, Dianna Kenyon, Ellen Hubbard, Steffie Firpo, Dianne Speeter, Barbara Nelson, Joann Wray.

Judy Hastain, Sharon Tremayne, Helen Upton, Irene Englehart, John Saarni, Bob Williams, Bill Burchfield, Dave Halleman, Jo Romo and Don Douglas.

The choir will be accompanied by Marilyn Plevel and will return to Truckee about Sunday.

Firemen Hold Meet

Members of the Truckee Volunteer Fire Department met Tuesday night at Cozzi's for their regular monthly session. Guests were Assistant Chief Pete Vanni of Tahoe City and Jack Ellis and John Lloyd of the Truckee Ambulance Service. N. F. Dolley, local chief, presided. George Kenyon was added as a new member of the department.

VETERAN OFFICER

A representative of the Nevada County Veterans Service office will be in Truckee on November 15th, weather permitting. Anyone desiring to avail themselves of these services may do so at the offices of Judge Fosten W. Wilson between the hours of 10 a.m. and 3 p.m.

Bank Distributing $35,000 In Checks In Christmas Club

Santa's going to need more reindeer plus a trailer-sled to tote his gifts this year if Bank of America's 1957 Christmas Club state-wide totals are any indication of the shopping spree to come.

In the Truckee Branch area. Branch Manager Lee H. Apple said checks totaling $35,390.15 will be mailed November 15 to 240 local Christmas Club savers.

With $62,000,000 in 516,000 accounts throughout the state, never have so many Californians saved so much toward a merry, bill-free Christmas, Apple said.

The state-wide totals show an increase of $8,700,000 and 94,000 more accounts than last year and are the highest since Bank of America started its Christmas savings program almost a quarter century ago.

The Christmas Club, designed to help depositors put aside funds for the holidays, Apple added, also is used by some as a source of ready cash for winter vacations or end-of-year expenses such as insurance and tax payments.

Donner Lake Has New Fire Truck

Hap Warnke, Roy Teel and Dan Horman were in Sacramento Tuesday to accept delivery of a fire truck—the first major step in equipping the Donner Lake Fire Department.

The truck is being obtained through the Office of Civilian Defense and the local group met Kenneth Hathway of that department in the capital to complete arrangements for purchasing the ton and a half used truck.

Dr. Robert Affeldt, president of the governing board of the fire district, said the truck is only partly equipped, but provides the nucleus for needed aparatus. Hose and other vitals will be procured when funds make it possible.

In the meantime, the board is planning a fire station and hopes to have the department in operation soon after the first of the year.

The district was formed last summer and Emery Lander was named chief.

HEAVY GENERATOR, VALUED AT $800 IS STOLEN FROM JOB

A portable generator, valued at $800 and weighing some 400 pounds, was stolen sometime between Friday night and Monday morning from its location about three miles east of Hirschdale. The equipment was owned by the contractor building a detour on U.S. Highway 40.

Deputy Sheriff Ralph Ayala, who was called to investigate the theft, said that a recent employe left the job after a short stay and returned to Mexico. Another angle being investigated is that fishermen from Nevada, apparently unaware that the season closed on the first of the month, were seen in the area and may have taken the machine.

ROBARTS RITES ARE HELD AT CHAPEL

Last rites were held last Thursday at the Truckee Colonial Mortuary for Charles Richard Robarts, Jr., victim of a recent airplane accident. Rev. Earl Langguth of Kings Beach Community Church officiating and interment was in the Truckee cemetery.

The organist was Mrs. A. C. Kehm and a large crowd of friends attended.

Pallbearers were Kenneth Gordon, Al Schell, James Dutton, Keith Reid, William Burns and Dale Stricklin, all close friends of the deceased.

W.S.C.S LUNCHEON TO BE HELD TOMORROW

A chili luncheon and sale of tasty foods and attractive useful articles for the home will be held Friday, November 15 by members of the W.S.C.S. in the Methodist Church Building.

The annual bazaar will open at 10 o'clock and continue for several hours, the members of the organization have been working for months for the success of the event.

A party given last Saturday afternoon by Mr. and Mrs. Daven Morey marked the birthdate of their son, Daven. Young friends of the guest-of-honor enjoyed the matinee at Donner Theater and dessert at the family's home at Gateway Park.

County Building For Truckee Area Proposed In Meet

Citizens Committee Studies Local Sites For New Structure

Plans to include a Nevada County building for Truckee in the county-wide planning program were discussed at a luncheon meeting of the Citizens Building Committee at Smart's Friday.

The committee, headed by Stanlay Halls of Grass Valley, heard local recommendation and inspected several potential sites, including one at the Tahoe-Truckee Wye, a second between the Tahoe Forest Hospital at Truckee and a third at the old Truckee Garage location on the alley back of the main street.

While the committee has no authority aside from recommending a program to the board of supervisors, the members apparently favored a building here to house county offices as well as local and state agencies, including the Truckee Public Utility District, justice court, jail and jail facilities and other official agencies.

The type of building, its location and other details would be left to the supervisors, but it was strongly indicated that the need for such a structure here is vital.

The committee is also concerned with the need for additional facilities at Nevada City for the county courthouse and will study other projects contemplated for the purpose of presenting a county-wide program to the board for consideration. Methods of financing are also being given consideration by the committee and a number of solutions have been offered which will not involve the outlay of capital investiment by the county nor the necessity of a bond issue.

Other members of the committee are C. Z. Smith of Truckee and Dale Smith and Howard Bennetts of Grass Valley, who attended the meeting here.

Work On Freeway Halted At Night

The ending of traffic delays during night hours on Highway U.S. 40 in the Truckee River canyon between Floriston and the California-Nevada state line was announced last week by District Engineer Alan S. Hart. The present schedule of delays, which have been in effect since mid-September, will remain in force from 7 a. m. to 5 p. m.

The delay schedule calls for release of waiting traffic from control points at each end of the controlled area every 45 minutes, and permitting movement through the zone until there is a definite break in traffic flow. This movement requires about 10 or 15 minutes.

"This schedule means a motorist arriving at the control point when traffic is halted will be required to wait an average of 30 minutes," Hart said.

The new schedule will remain in effect until the winter storms force a shut-down of operations until next spring. The work being done at this time will assure a two-lane roadway tnrough the construction area during these months.

DEMOCRAT MEET TO BE HELD AT SCHOOL

Joe Mattos, local democratic party leader, called from San Francisco this week to announce that the organization meeting of the Democratic Club scheduled for Friday evening will be held at the high school in Truckee at 7 p.m.

The 7 o'clock meeting is for all registered democrats and at 8:30 an open house for everyone will be held. Large delegations from other nearby communities are expected to attend.

State Senator Harold T. Johnson of Roseville will be among the speakers on the interesting program.

Mattos, now in San Francisco to undergo a medical checkup, said he hoped to be home in time for the meeting.

LAST RITES HELD FOR JAMES ELLIS

Funeral service for James Cleo Ellis of Tahoe City were held Friday at 2 p.m. at the Truckee Colonial Mortuary with Robert Ney of Reno officiating. Mrs. A. C. Kehm was the organist and family members acted as pallbearers. Burial was in the Tahoe City cemetery. The rites were attended by many friends and the floral pieces indicated the high respect in which the deceased was held.

District Attorney Will Visit Truckee Weekly

District Attorney Harold Berliner, here Tuesday to handle the prosecution in two criminal cases, said that he planned to visit Truckee weekly, the first such visit to be next Thursday morning. He will be located at the justic court offices and will discuss legal matters which fall in his jurisdiction with anyone who calls.

After the Thursday call, the district attorney said he hoped to be here each Wednesday at 1 p.m.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — Legislators are getting more and more expensive as far as the taxpayers are concerned. Recently, it was revealed that some $214,000 per month is being paid to legislative aides who work at the state Capitol, and throughout the state on various types of investigations.

Then it was disclosed that travel expenses for the first nine months of this year amounted to some $70,000, and legislative per diems, wherein the elected representatives of the people draw $20 per day for hotels and meals, amounted to more than $40,000 for the same period.

Now, the assembly rules committee comes up with a huge renovating program, involving the nearly new state capitol annex, which was only completed in 1954 at a cost of $7,461,456.

The renovating project, which will cost approximately $30,000, calls for the elimination of one of the committee rooms. Of course, this happens to be the committee room that is handiest for the capitol press to cover, being only down the hall from the press rooms

The committee room, however, where in the past meetings of wide interest to the state have been held, will be converted into a lounge for California's assemblymen, complete with gin-rummy tables and television.

The present lounge, housing these accoutrements for hard labor on behalf of the people of the state, will be used to enlarge the office of the assembly speaker.

The present $30,000 renovation project, however, is not all the assembly has in mind.

In the future, the group plans to establish a library which would provide legislators with more reports. One attache said this would permit the legislators to deliver better speeches, as research facilities will be closer at hand. In other words, while an assemblyman is making a speech, he can send out for material he needs to drive a point home, and the messenger will need only to go around the corner.

Then the assembly wants the senate to eliminate one of its committee rooms, located just across the hall from the one being torn up for the assembly lounge and television room. This committee room, according to future plans would be made into a lounge for the lobbyists of California, who now have no place to sit down except their expensive hotel suites. Lobbyists aren't allowed on the floor of the assembly, and there are no seats any place else, except in the telephone room which has become a gathering place for the influence boys.

However, the senate hasn't yet agreed to this sweeping change, and so far the lobbyists will remain in the hall ways. Of course, if a handy lounge were provided it would be simple to run a sergeant-at-arms back and forth to the assembly chambers to bring out the legislators as the lobbyists want to talk to them concerning bills under consideration.

The assembly plans to dislodge the state controller from some of his space, which now is occupied by computing machines, and this, of course, will necessitate the hiring of space in some other building.

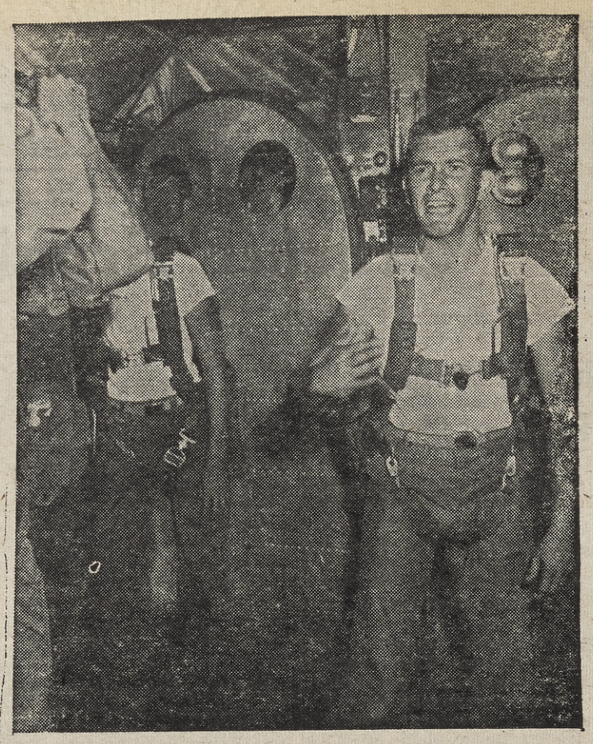

No plans for a bar are included, as state law prohibits liquor in the capitol. Oh well, we can't have everything.

An impressive portion of world finance is controlled from "The Wall Street of the West," San Francisco's Montgomery Street.

HEARING ON WATER IN THIS AREA IS SET

SACRAMENTO — (CNS — The state water rights board announced it has scheduled a preliminary hearing for November 19 to consider applications of the U. S. Bureau of Reclamation, Washoe County Water Conservation District and Sierra Pacific Power Co. for water from the Truckee and Little Truckee rivers.

The hearing had been scheduled previously but was taken off the calendar to permit negotiations between the California-Nevada Interstate Compact Commission. While such negotiations have not been completed, the board said it was expected they would be before the actual hearing gets underway.

The November 19 session is for the purpose of agreeing upon the dates for the hearing on rights to the water. A board spokesman said it probably would not be held until about March 1, 1958.

Today there are more uses for timber than ever before.

State Will Improve Road For Detour Near Alta

The improvement of the county roads between Monte Vista and just east of the intersection of Alta Road and Highway U. S. 40 that are to be used as a detour during the construction of a four-lane freeway in this area in the future has been accepted for maintenance by the division of highways. Work on the project is being done by Fredrickson and Watson Construction Company of Oakland.

District Highway Engineer Alan S. Hart said that final acceptance of the work will depend upon stabilization of a slip-out in the Lake Alta area. Provisions have been made to route traffic through this area until the necessary repairs can be made.

Work on the project was started June 18 of this year.

By JUDGE HARRY CHARRISON

Sunshine

Saturday morning came in with brilliant sunshine and a temperature of 30 degrees, warming up early in the day. It was a day to enjoy one's self. In the evening we came over Mt. Rose, and you have heard many times the say, "It's a picture no artist can paint," and it was just that—the sunset was magnificant the sky over the mountain was a brilliant red and gold and it was really breathtaking. Over the ridge of Mt. Rose, it looked like great big red flames rising up, and then coming to the lake, the picture in the sky shadowed down into the water and a great big full moon shone down, making us wonder why human hands can't just let God's wonderful work remain as it is, and let all people enjoy these wonderful works that we behold. What happiness this world holds for us, if we could only live like human beings.

Saludos Amigos

Just had a card from John and Ruby O'Connor, who till lately had been our neighbors, who are traveling through Mexico, and by all accounts are having a marvelous time. They say Mexico City is beautiful, but alas they will soon have to say adios to Mexico and head for home.

Off On The Cho Cho

Marguerite Ashton has left for Iowa to spend an extended visit with her daughter and son-in-law. In the meantime husband, Dav, will have to batch it, but as he says with all work to do, time will pass quickly.

Its Official

Mr. Fitzgerald of Reno tells me that last Tuesday, November 12, the Tahoe Biltmore Hotel at Crystay Bay, after many weeks ironing out the many details involved in the sale, the Nevada Club became owners of the beautiful hotel on the north side of the lake. Up to this time, the same has not been too successful but under the supervision of Mr. Fitzgerald, it can hardly be anything but a thriving casino and hotel. It is the intention to make vast changes in the building, and will do much for the North Tahoe area. We congratulate the new owners and wish them success.

Nursery

Betty Rapisarda, chairman of publicity for the nursery school at Kings Beach, says there is a nursery at the church building every Monday, Wednesday and Friday from 9 to 12. Call Betty for further information at Liberty 6-2404.

Little Snow

Monday morning we woke up with three inches of snow on the ground and the temperature at 20. Now at 9, it is 40 degrees and the sun is shining brilliantly and the sky is clear and snow melting fast. Ain't it wonderful?

Good Shots

The turkey and ham shoot held at the North Tahoe Gun Club last Sunday was a success, especially as it had been postponed from the week before. There were some good marksmen and no less than 30 turkeys and hams were carried away. Ray Plunkett took one shot and carried a beauty away. Lunch was served, and expertly handled by Nell Barkhurst, Mickey Mandeville and Bell Porath, now we are looking forward to the next big event that the Crystal Bay Club is cooking up, as there is never a dull moment with them.

Wee Kirk

At the last meeting of the Women's Society of Christian Service held at the home of Mrs. Jackson Brandt in Tahoe Vista, it was decided to hold a box social and white elephant sale at the Community Methodist Church in Kings Beach on Saturday, November 23 at 5:30 p.m. Everyone is invited. Two handmade quilts will be auctioned off and a good time is expected, for what we hope will be a well-attended affair. This box social as you know is one where the ladies take supper for two which will be auctioned off and the lucky purchaser will eat with the beautiful lady who brought the box. There will be lots of fun for young and old, so come won't you?

Roaring Lions

Induction of four new Lions Club members at the Ladies' Night held at the Crystal Bay Club last Tuesday night, was the principal business. There was a very fine turnout and Red Waddell, president, presided.

Armistice

Thirty-nine years ago today since the Armistice was signed after the first World War. Some of us remember how happy we were, thinking that we were to have a world of peace, but we can still go on remembering the sacrifices of the heroes who gave their all. These memories and those of later years will linger through the ages.

Deer And Elk

Well, the boys that went to Colorado on a big hunting trip are back, with a goodly amount of vension, etc. I am told that two of the boys, Bud Rabska and Ned Malla, had a couple hanging up in a shed and to their dismay when they went for them some kind person has purloined both of them. Bud says, "let me ever catch up with them." Apart from that, they had a real wonderful trip. Bud found his folks well and happy, and ready for another trip to the lake.

Teach Children Fire Safety Early!

Children should be taught at an early age to respect fire not fear it. They should be made aware of its uses and benefits, and also its dangers. They should be urged to cooperate in the family job of fire prevention. Remember, children, like adults must be taught fire safety. Their lives depend on you!

NFPA DON'T GIVE FIRE A PLACE TO START!

TnT TIDINGS

by NANCY WATTS

Our TnT basketball practice began Monday, November 4. The boys will be informed soon as to whether they have made the teams, or not. The Varsity and Junior Varsity basketball players will practice every night after school until 5:10 or 5:30.

* * *

A very spirited rally was held in the gym last Friday at TNT. The band played several selections and a skit was presented on the subject of the various classes (7th grade, 8th grade, freshman, etc.) and their psychology, which was very amusing.

* * *

Our band took a trip to Cal last weekend. Having left TNT at about 2 a.m., they arrived in Berkeley at about 9:30 and marched and played with over a hundred other bands during half-time at the Cal-Oregon football game.

* * *

Class meetings will be held on November 13. Most of the classes are fairly well organized and quite a bit should be accomplished.

The 1915 Panama International Exposition at San Francisco commemorated completion of the Panama Canal.

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on December 4, 1957, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Placer and Nevada Counties, between Hampshire Rocks and 0.5 mile west of Soda Springs (III-Pla, Nev-37-F, B) about 6 miles in length four-lane separated roadways and frontage roads to be graded and surfaced with portland cement concrete pavement on cement treated subgrade and plant-mixed surfacing on cement treated base and bridges to be constructed.

Bids are required for the entire work described herein.

The time limit specified in the special provisions for the completion of work contemplated herein is, in the opinion of the State Highway Engineer, insufficient to permit completion of the work by the Contractor working a normal number of hours per day or week on a single shift basis. It is expected that additional shifts will be required throughout the life of the contract to the extent deemed necessary to insure that the work will be completed within the time limit specified. Any additional costs occasioned by compliance with these provisions will be considered to be included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

In accordance wth the Streets and Highways Code, this contract will not be awarded prior to January 1, 1958.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds and that therefore all of the applicable Federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 7, article (b), of the Standard Specifications regarding assignment of the contract; to the requirements of Section 7, article (h), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontractors; and to the prevailing wage rates predetermined by the Secretary of Labor as provided in Sections 5 and 7 of the special provisions.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions.

In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
	Skilled Labor
$3.30	Asphalt plant engineer
3.62	Boom type backfilling, machine operator
3.00	Boxman (asphalt plant)
3.225	Carpenter
3.22	Cement finisher (journeyman)
3.055	Combination bootman and road oiler
2.89	Compressor operator
3.25	Compressor operator (2 to 6)
2.89	Concrete mixer operator (up to one yard)
3.25	Concrete mixed operator (over one yard)
3.30	Concrete saw operator (self propelled unit)
2.755	Concrete saw operator (walking or hand type)
3.62	Derrick operator
3.33	Dual drum mixer operator
3.75	DW 20 tandem scraper operator
3.48	Euclid operator, T pulls, DW 10, 20 or 21
3.425	Fence erector
3.33	Heavy duty repairman.
3.30	Internal full slab vibrator operator (highways)
3.30	Mechanical finisher or spreader machine operator (asphalt)
3.30	Mechanical finisher (concrete)
2.89	Mixer box operator (concrete plant)
3.55	Operator of power shovel, dragline, crane, clamshell, backhoe (up to and including one yard)
3.62	Operator of power shovel, dragline, crane, clamshell, backhoe(over one yard)
3.00	Painter
3.70	Plumber
3.55	Power blade operator
3.35	Power saw operator
3.375	Reinforcing iron worker
2.705	Road oiler
3.30	Roller or self-propelled compactor operator
3.35	Saw filer
3.19	Scoopmobile operator (when used as a hoist)
3.33	Scoopmobile operator(when used as a loader)
3.00	Screedman
3.30	Small rubber tired tractor operator
3.33	Small tractor operator (with boom)
2.89	Spreader boxman (with screeds)
3.33	Tractor operator (dozer, scraper, compacting equipment and push cat)
3.55	Tractor operator (boom) (D-6 or larger and similar)
3.62	Tractor operator (tandem scrapers)
3.62	Tractor operator, compressor drill combination
3.48	Tractor loader operator (up to 2 yards)
3.62	Tractor loader operator (2 yards and over)
3.33	Trenching machine operator
3.33	Truck type loader operator
2.90	Truck driver (6 cubic yards and less than 8 cubic yards water level)
3.10	Truck driver (8 cubic yards or more water level)
	Intermediate Grade Labor
2.75	Apprentice (oiler, fireman, heavy duty repairman helper)
2.755	Asphalt ironer and raker
2.98	Blaster—powderman
2.705	Bootman
2.755	Chainsaw operator, faller, logloader and bucker
2.98	Driller (diamond, core, wagon and track driller)
2.605	Driller's helper, chuck tender, outside nipper
2.89	Fireman in hot plant
2.755	Header board man
2.755	Jackhammer operator
2.605	Operator of vibrators and all pneumatic, gas and electric tools
2.755	Pipe layer, caulker, bander
2.755	Riprap-stone paver and rock slinger including placing of sacked concrete (wet or dry)
2.605	Sloper
2.55	Truck driver (less than 4 cubic yards water level)
2.69	Truck driver (4 cubic yards and less than 6 cubic yards water level)
2.725	Water truck driver—under 2500 gallons
2.825	Water truck driver (2500 gallons and under 4,000 gallons)
2.925	Water truck driver—4000 gallons and over including semi-trailer)
	Unskilled Labor
2.505	Flagman
2.505	Laborer
2.505	Limber, brush loader and piler

The minimum wage paid to all skilled labor, for which rates are not shown above, shall be not less than $2.705 per hour.

The minimum wage paid to all intermediate labor, for which rates are not shown above, shall be not less than $2.505 per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall be not less than $2.505 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the office of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS,

DIVISION OF HIGHWAYS.

G. T. McCOY,
State Highway Engineer.

Crater Lake National Park in Oregon is noted for the deep blue color of the lake's waters and the high multicolored lava walls surrounding it.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

Hwy. 40, 3 Mi. W. of
Soda Springs, Nevada County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:

On-Sale General (Seasonal-Quarterly) License

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The form of verification may be obtained from any office of the Department. The premises are now licensed for the sale of alcoholic beverages.

John Bartucco and
John Fred Bartucco

ST. NICHOLAS MISSION

Services:
Morning prayer 11 a.m.
Vestry, Monday, 7 p.m.
Choir practice, Monday, 8 p.m.

A benefit turkey dinner will be held Sunday, November 17 at 6 p.m. in St. Nicholas Hall. Mrs. Gordon Moyer is in charge. Children, 75c; adults, $1.50. Funds go for new choir robes.

Gordon Moyer completed a new lectern and a pulpit.

The deed for the ground for the new church from Mr. and Mrs. Fred Kilner was recorded this week.

Mr. Loren Holmwood completed sketches for the new building which were presented for approval this week.

TRUCKEE BIBLE CHURCH

Last Sunday the dedication service was observed for Rupert Paul Dykstra, infant son of Mr. and Mrs. Al Dykstra

The regular meeting of Teen-Time this Friday will be postponed until next Friday, the twenty-second.

We invite all who have no church-home to visit our Sunday morning worship service. A Bible church is a nondenominational group of believers where the whole word of life is preached. The sermon will be taken from the Book of First John on "Being Found in Fellowship With Fruits."

FAS ROAD FUND TO GO TO WEST COUNTY

Apportionment of $15,581,474 in state and federal funds to California counties for construction on county roads on the Federal Aid Secondary System was announced by the state department of public works.

The allocation for the 1958-59 fiscal year, a record high, includes $9,615,571 from the federal government and $5,965,903 in state highway matching funds. The 1957-58 apportionment was $8,916,082 federal and $5,659,303 state funds, for a total of $14,575,385.

Nevada County's share for 1958-59 amounts to $100,470 of which $58,614 is in federal money was $41,856 from the state highway budget.

Placer County would receive $122,632 from the FAS fund and $87,570 from the state matching fund for a total of $210,202.

The federal funds are apportioned to the various counties according to the formula used by the feded government in distributing federal aid secondary funds to the states—one-third on the basis of area ,one-third on rural population and one-third on mileage of certain classes of rural mail routes.

Supervisor H. G. Loehr said that all of the funds for Nevada County will be used on the Tyler-Footes road which extended from Route 49 to the Washington area in the western end of the county. Previous similar allocations also were expended in the eastern portion of the county and while the local supervisor had hoped for approximately $50,000 to tie-in with Placer County on the Brockway shortcut, no money will be available.

The Truckee area has never shared in the FAS fund. Loehr said.

Blue gum trees slightly more than 2000 feet high stand in the West Grove of the University of California campus at Berkeley.

Tahoe-Truckee School District News

KINGS BEACH SCHOOL

Kindergarten: On Monday, we moved from Carpenters Hall to the new addition at the Kings Beach School.

First: The first grades are altogether in the new auditorium. They are happy to be altogether.

Second and Third: Candice Wright moved to Los Angeles for the winter. We have a new second grade girl in our room this week. She is Debra Lish. In social studies, we are studying about the farm.

Third and Fourth: We are studying about the cotton and wool industry in California. The children have several projects on cotton and wool.

Fifth and Sixth: It looks like our boys will miss football this year, but we are looking forward to basketball.

The first steamboat to carry a man was operated by John Fitch on the Delaware River August 27, 1787.

2.505	Limber, brush loader and piler

The minimum wage paid to all skilled labor, for which rates are not shown above, shall be not less than $2.705 per hour.

The minimum wage paid to all intermediate labor, for which rates are not shown above shall be not less than $2.505 per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall be not less than $2.505 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans, specifications, and standard proposal form to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS,
DIVISION OF HIGHWAYS.
G. T. McCoy

NEWS NOTES FROM TAHOE

By Naomi McLane
Tahoe City, Box, 711. Juniper 3-3187

Raising Funds

The nursery school is starting a fund-raising campaign in the form of selling cards and gift wrap paper. You may have your choice of Christmas cards and paper or just general greeting cards or both, of course. Mrs. George Day is chairman of the sales. Phone her at Juniper 3-3330 or get in touch with any of the nursery school mothers if you are interested and would like to help out. The school is still meeting at the Tahoe Marina Lodge but will have to find new quarters by the first of the year.

In Oakland

Mrs. Howard Guth of Tahoe Park tells me that Mrs. Fern Schleuter has left the lake for the winter and is in Oakland at the present time. She will spend Christmas in Oakdale and the remainder of the winter in Palm Springs.

50 Years At Lake

Ben Callender has marked the end of his fiftieth year here at the lake. He was not yet in his teens when he first came up in 1907 to spend the summer with his married sister. Since that time he has missed but one year to spend at least part of the time here. That was in 1917 when he was in France during World War I. For the last several years Ben and his wife, Jean, have counted Callender's Lodge in Homewood as their year-round permanent home. Jean Callender has just returned from a week's visit with her sister, Mrs. Harriett Hemenover in Santa Rosa. She saw the 49ers play in San Francisco, too.

Returns To Lake

Several of you may have heard that Fred Holt, son of Mr. and Mrs. George Holt, has returned to the lake to live. With him are his wife, Mickey, and two little daughters, Lynn and Cathy. Fred is in the vacuum selling and repair business. He is equipped to handle all makes of vacuums.

Visit At Tahoe

Mr. and Mrs. Phillip G. Howard of Morro Bay are visitors for several months of the Wendell Russell's of Russell'n Pines. Mrs. Howard is the Russell's daughter. Three little girls are visiting their grandparents, too, Leah, Colleen and Julie.

Observes Birthdate

Nancy Beavers celebrated her fifth birthday Friday with a little party at school for her kindergarten friends. She shares a birthday week wtih her mother, Solveig, who had a birthday on November 5th. Solveig's mother, Mrs. Sigvard Ronning, came up from San Bruno to help observe the two important days.

Snyder Visitors

Visitors this last week from Stockton in the Don Snyder home were Martha's sister and her family, Mr. and Mrs. E. M. Schnell and their son, Michael.

Ski Club Supper

The Ski Club got off to a flying start with a potluck supper Friday night. President George Lardner presided over the business meeting and the program for the year was discussed. Holly Wilson was elected corresponding secretary to replace Pat Tyldesly who has moved with her husband, Bob, to Los Angeles.

Saddened By Death

We were saddened at the death of James Ellis who died last Sunday. This weekend brings the news of the death of another long-time summer home in Lake Forest this resident. R. R. Duncan closed his work and returned to Modesto where he planned to spend the winter. He died suddenly in that city. Duncan had just retired after 44 years of service with the Southern Pacific as a telegrapher.

Wedding Date

Mr. and Mrs. Jay Shontz celebrated a wedding anniversary Thursday.

To Idaho

Ronald and June Grinstead and their son, Jerrie, left this week for several days' trip to Idaho. Mr. and Mrs. Jack Starratt have been away for a short holiday. They returned Monday evening.

On Sick List

On the sick list this week were two of our teachers: Mrs. Hal Farr had to be absent all week with the flu and Jim Reynolds had to miss one day. Mrs. J. E. Brower of Squaw Valley taught in Mrs. Farr's absence and her husband, J. Brower, took over Reynold's duties.

Women's Club

The Women's Club of Tahoe held their regular monthly meeting at Bacchi's Inn in Lake Forest Thursday. Since that date, President Mrs. Don Snyder announces the candy to sell has arrived. This Kathryn Beich candy, a caramel speciality, can be bought at either Porter's or at Henry's. The money that is spent will help the Women's Club funds. Just ask for the candy at either of these two places in town.

On Way South

Mr. and Mrs. Wayne Morrow and two of the girls, Kobie and Karla, are probably on their way to Mexico at this writing. They plan to spend the winter there and the girls will attend school until late spring comes round again.

First Aid Classes

Mrs. Marie Henry is ready to start the first aid classes, she announces. November 18 will be the first meeting at the Tahoe Lake School at 7:30 p.m. The class itself will decide on further meeting times but this first meeting will count as a class time only if you are there.

Rotary Meets

Rotary met at Bacchi's Inn Tuesday night. A most interesting and unusual film was shown by George Selkirk, program chairman for this month and manager of our division of the telephone company. It was a Frank Capra film showing the uses of cosmic rays and of the wonderworld of the future when these rays are more fully controlled. President Warren Porter presided.

Get Petitions

Fire Chief Al Henry and the whole fire department deserve much praise for their efforts in getting signatures enough to petition to enlarge the first district. At the present the district is very small including only Tahoe City. When the department rushes down the river or out to Tahoma or to Carnelian Bay, as it does so willingly, they are doing that on a complete volunteer basis and cannot use the district engine for out of the district purposes. If the district could be enlarged all service would be improved and the Tahoe City small area would also benefit from the better equipment. A reciprocal service would be set up at the Kings Beach line too which would be of great benefit. Henry says the tax rate will undoubtedly not exceed 40c and may well be less. Almost twice the number of signatures needed has been obtained and as Al Henry looked at his list you could gather that it was easier for him to work on a fire than to hunt up signers. "It's been a real job," he grinned.

Turkey Dinner

There will be no coffee hour after the regular Sunday service at St. Nicholas Hall this Sunday because a group of busy women want to get to work at once on the preparations for a turkey dinner with all the trimmings which is to be held Sunday night at 6 p.m. Everyone is cordially invited to come to choir-sponsored dinner. Reservations may be made with Mrs. Gerry Waters at Juniper 3-3567 or Mrs. Gordon Moyer at Juniper 3-3236. It is preferred that you make reservations but tickets will also be on sale at the door of the hall. The dinner will cost $1.50 for adults and 75c for children The money is to go toward purchasing robes for the choir.

To Kentucky

Mr. and Mrs. Basil Kehoe are on a months' holiday trip to Kentucky where they are visiting Mrs. Kehoe's family. They will return to be in Reno for Thanksgiving.

French Classes

Ralph Rauscher has agreed to teach a maximum of 10 pupils in a French calss which may be organized at Tahoe in the near future. Those interested may contact Rauscher by calling Juniper 3-3374.

Congress passed an act on April 1848 establishing a regular mounted mail route from San Diego to San Francisco.

STRICTLY STRICKLAND

By Bill Strickland

I'd hoped it would never be necessary to write an article like the one you are about to read. But since it is being written, my intent is that it not be a news article, but a tribute to a superlative competitor and athlete as well as a gracious and true gentleman.

Words are so very inadequate when an endeavor is being made to express a thought or feeling. I hope you'll overlook my literary shortcoming, and see and feel as I do, the tribute I'm attempting to put into words and on paper.

Richard Carl (Dick) Buek, born November 4, 1929. Died accidentally November 3, 1957. He had lived a full and satisfying life. Probably fuller than most of us who may live twice as long. He brought fame to our Mountain Top, as well as to himself. His exploits on skis bordered on the impossible, his recoveries from injuries were amazing, his stamina, rhythm and coordination was a pleasure to behold.

He was news, naturally, because of the seemingly impossible things he did, and as some said, because of his indestructibility.

Still this daring young man of the fast flying ski was just as susceptible to sickness and accidents as are you and I. Probably his one great advantage was that he maintained a top physical condition constantly. He didn't smoke or drink, which is certainly a rarity in this day and age. Anytime he attempted some of his spectacular feats, there is a 100 percent chance he had studied every minute detail—convinced himself it could be done, and, gone ahead and done it. Some called him the "Madman" of Donner Summit. That was an injustice. He was instead, a very intelligent young man with an insatiable zest for living and achievement. He was a member of the United States Olympic team in 1952—national downhill champion in 1952 and 1952 and 1954, and only last year was second for the national downhill title again. These are but a few of his many outstanding achievements.

Yes, Dick Buek brought fame to our Mountain, and we are grateful that it was our privilege to have known him, and be counted as one of his friends.

The longest bridge on the Coast highway spans the mouth of the Russian rive at Jenner.

Fatal Fallacies by Ted Key

"If we get out of this alive, Stupid . . ."

MEMBER OF PIONEER FAMILY EXPIRES

Funeral services were held at Auburn, with burial following in Newcastle cemetery for Mrs. Emma Gargen, 84 years of age and a member of a pioneer family of Truckee.

Mrs. Gargen was the daughter of the late Judge and Mrs. Hill of Truckee, later became the wife of George Hinkle. The couple continued to make their home here for many years where she was a charter member of the Truckee Chapter, Order of the Eastern Star.

Her son, the late George Kinkle, Jr., and his wife, the late Bliss McGlashan Hinkle wrote several well known books of this region.

Mrs. Gargen is survived by another son, Kenneth of San Francisco, five grandchildren and 12 great graandchildren.

In Texas—

Lieutenant and Mrs. Richard Arington (nee Sandra Trainor) have arrived at El Paso, Texas, where he is stationed, following a leisurely trip to points of interest, enroute.

Wedding Of Pern Ann Kielhofer Is Announced

Mr. and Mrs. Karl Kielhofer of Sacramento announced the engagement of their daughter, Pern Ann to John F. Ginella of San Francisco.

Nuptial vows of the young couple will be exchanged November 16 in St. Francis Church in the Capital city.

She is the granddanghter of the late Mrs. Dan Smith of Truckee and Mr. and Mrs A. Filipcic, former local residents now living in Sacramento. The family has a home at Donner Lake where Miss Kielhofer frequently visits each summer.

Share In Taxes

SACRAMENTO (CNS) — Nevada County's share of highway users taxes apportioned in October was $24,028, State Controller Robert C. Kirkwood has reported.

A total of $28,434,639 was apportioned to the cities, counties and state highway fund during the month. The counties received $6,781,407; the cities $3,471,382; and the state highway fund $18,181,950

Rail oddities

A couple of confirmed commuters were married recently aboard their regular suburban train. The railroad provided a special car for the bridal party . the conductor served as best man.

The railroad bridge across the Rio Grande between El Paso, Texas, and Juarez, Mexico, is painted in two different colors. The Santa Fe paints its half red and the Mexican line uses black paint.

Greatest transfer of gold in world history was accomplished a few years ago when railroads moved the Government gold from vaults in Eastern cities to the Federal depository at Fort Knox, Ky 552 special trains were required to transport the gold bars valued at over $15 billion.

Association of American Railroads 909

GADGETS IN CARS IS NEW LAW VIOLATION

SACRAMENTO — Drivers who have novelties and other gadgets hanging between them and the car windshields are in violation of the law, says the California Highway Patrol.

"A new law passed by the 1957 legislature prohibits any person from driving a motor vehicle upon a highway with any object so placed in or upon the vehicle as to obstruct the driver's clear view through the windshield," declared Patrol Commissioner B. R. Caldwell. "This includes novelties such as dice, baby shoes, gadgets on strings or springs, and all such items.

"The patrol is charged with enforcement of all the vehicle laws and proper enforcement action will be taken against drivers who continue to drive with these items hanging in the car so as to obstruct the driver's clear view," Caldwell stated. "Obstruction of the driver's view is a recorded contributing factor in many traffic accidents each year.

"Motorists are urged to comply with this law and help in the fight against traffic accidents in California."

POPULATION SHOWS DROP IN THIS COUNTY

SACRAMENTO (CNS)—California's population continues to soar at the rate of more than 1500 persons a day, with a gain of 36.6 percent.

Los Angeles had the highest gain in numbers, 1,446,000, but tiny Del Norte County had the highest percentage gain, 137.7 percent.

Nevada County decreased from 19,888 persons in 1950 to 18,200 on July 1, 1957, for a loss of 1700 persons, or 8.5 percent.

Of the 1500 daily increase, the state department of finance estimated 800 is in the Los Angeles metropolitan area; 280 in the San Francisco bay region; 115 in the southeastern part of the state; 100 in the San Diego area; 858 in the San Joaquin valley; 80 in the Sacramento valley; and 80 in the remainder of the state.

BROWN ANNOUNCES CANDIDACY FOR GOV.

LOS ANGELES—Attorney General Edmund G. "Pat" Brown has made his long awaited announcement that he will be a candidate for governor in 1958.

Brown, 52, the Democrats' most popular and able vote-getter, made his announcement at a press conference in Los Angeles.

Brown, twice elected as the state's chief legal and law enforcement officer, stressed the "need for new leadership for California" in his statement, and dealt with his Republican opponents in these words:

"I submit that the people of California are entitled to a better opportunity that the present Republican alternatives of a confused and wavering incumbent deserted by his own party, and a reactionary who views the state's highest office as only a pawn in presidential power politics."

Brown said he would submit his candidacy for governor to the convention of grass roots Democratic clubs from all over California (the Council of Democratic clubs) to be held in January.

RAIN RESULTS IN LIFTING FIRE RULES

L. A. Rickel, forest supervisor of the Tahoe National Forest, states that the rains of the past few weeks have eliminated the threat of forest fires on the forest and declared that, effective Nov. 1, special fire restrictions imposed by federal regulation earlier in the year are rescinded as they apply to Tahoe National Forest lands.

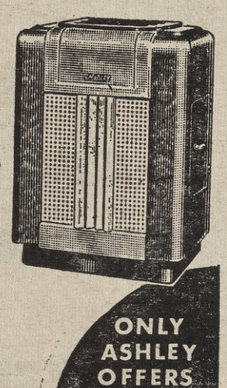

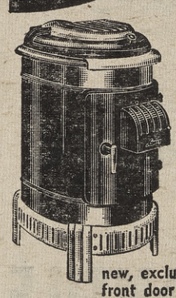

Campfire permits are not now required before building campfires on national forest land.

Smoking is no longer restricted to specific areas.

Under the state fire laws, burning permits will be required by state and federal agencies until December 1.

Rickel declared that the fire season of 1957 was a very favorable year. The forest had a total of 80 fires, burning over 82 acres of national forest land. Of the 80 fires 43 were man caused, which was somewhat higher than the past averages.

Plan To Increase Sales Tax In State Given Mention At Capitol

SACRAMENTO (CNS)—A proposal that the state's sales tax be increased from 3 to 4 percent in order to make up an expected $130 million deficit in state finances by 1959 has been mentioned quietly in the capitol.

The increased sales tax, which would yield some $250 million a year, would be coupled with a $100 million reduction in the lower brackets of the personal income tax.

One legislator, who declined to be quoted, said this possibly could solve the problem without being too embarassing in an election year. While heavy union opposition could be expected to any sales tax increase, the so-called "little man" would get a break in having exemptions on income tax boosted from $400 to $600 per dependent and from $3500 to $4000 for a married couple.

Any attempted tampering with sales tax in recent years has been in the opposite direction. An unsuccessful move was made in 1951 to trim one-half cent from the statewide levy. Since then, numerous attempts have been made to expand exemptions from the tax to such things as candy, restaurant meals, drugs, bibles, American flags and other items.

Robert L. Harkness, chief of the budget division of the department of finance, said that, despite warnings from the department Governor Knight said that all state agencies should "tighten our belts" and hold spending to the minimum, budget requests from the 1958-59 fiscal year would result in a general fund deficit of $131 million.

State Controller Robert C. Kirkwood reported only this week the general fund already is lagging behind expenses by some $10 million a month. Much of the cases of the high expenditures is a 27 percent jump in apportionments of school districts, Kirkwood said.

About 95 per cent of American families drink coffee.

JUNIOR COLLEGE TO RECESS FOR GAMES

On a motion by Trustee Harold Welch of Truckee, the Sierra Junior College board of trustees has adopted the recommendation the 1960 spring vacation be held during the winter to coincide with the Winter Olympics at Squaw Valley.

The action was taken at this week's board meeting in Auburn.

Harold M. Weaver, district superintendent, made the recommendation, pointing out the games will be held in the district served by the Sierra College and should be supported.

CARD OF THANKS

I wish to offer appreciation and thanks to the many friends and well-wishers in Truckee for the numerous kindnesses and courtesies extended to Amelia Miratta and to me during Amelia's recent illness. Sincerely,
Mary Miratta.

CARD OF THANKS

We wish to express our gratitude for the many acts of kindness shown us during our recent bereavement.

BARKING DOGS—Private Francis A. Jucewicz of Bethlehem, Pa., is a disbeliever in the Napoleonic adage that an army marches on its stomach. A Seventh Infantry Division doughboy in Korea, he takes wise precautionary advantage of a rest period to dry his feet and change his socks.

KASPIAN OFFERS TAHOE LAKE LAND FOR TIMBER AREA

AUBURN—A proposal to trade approximately 120 acres of Lake Tahoe waterfront property owned by a private citizen to the forest service for national forest land has met with unanimous approval of the board of supervisors.

The trade was outlined in a letter to the board by L. A. Rickel, supervisor of the Tahoe National Forest, who wrote that George Kaspian of Truckee made the proposal.

The supervisors indicated they believe the beach property would be turned into a public park if the trade goes through.

Rickel said Kaspian would trade the land for forest land away from the beach, plus timber cutting rights on other federal land.

The Kaspian property is located four and a half miles south of Tahoe City and has approximately 1400 feet of lake beach. The land is about three fourths of a mile deep. Forest land he would take is located up Blackwood creek.

SLIGHT DECLINE IN TRAFFIC IS NOTED

SACRAMENTO (CNS) — Traffic passing California's borders during October showed a slight decline over that for the same month in 1956—a rare occurrence—the state department of agriculture has reported.

During the month, the 17 department checking stations registered a total of 852,412 persons passing the borders in 312,047 automobiles, 33,104 trucks and 3872 stages. This compared to 875,839 persons in 317,083 automobiles, 33,857 trucks and 3872 stages during October, 1956

The principal decline was in out-of-state vehicles, down 4298, and the number of passengers in California vehicles, down 15,416.

Highest passenger volume was at Yermo, with 169,485 persons, followed by Truckee, with 123,304. The Blythe sation, with 6001 trucks, was highest in that department.

$2,775,125 PAID FOR MONTH'S ROAD WORK

The payment of $2,775,125 for highway construction in District III, California Division of Highways, for the month ending October 20, was announced by District Highway Engineer Alan S. Hart. This is slightly over one million dollars less than was spent during the preceding month and brings the total for the year, starting January 1, to $24,816,208.

Hart pointed to the end of the summer construction season and the completion of many projects as the principal causes for the decrease in the monthly payment.

The payment does not include moneys spent for maintenance, storm damage repair, or building construction.

PROBATION

Johnnie F. Patterson of North Sacramento who pleaded guilty to the fatal accidental shooting of William B. Andrews of Fair Oaks when hunting September 21 near Independence Lake, near Truckee, was placed on 10 years' probation for manslaughter by Plumas County Superior Judge Bertram D. Janes in Sierra County Court.

Officers Visit—
Sheriff Wayne Brown and Deputy Sheriff Frank Gallino were Truckee visitors Tuesday.

California is the world's chief supplier of borates.

REZONING PLAN AT LAKE IS PROTESTED

AUBURN—A request to rezone from residential to commercial 23 acres of land near Tahoe City, Lake Tahoe, ran into strong protests at the first of two hearings on the issue scheduled by the county planning commission.

The opposition was voiced by Attorney Robert Robinson, representing the Tahoe Improvement and Conservation Association, and by real estate man Charles Courvale who said he represents several property owners in the Tahoe Sierra Estate Subdivision, near the site proposed for rezoning.

Robert Thurn, attorney for Ray Towers and Thomas F. Joyce, Jr., who requested the zone change, offered a formula to be incorporated into an ordinance which would give the planning commission control over the types of buildings under a commercial classification and over any resale of the buildings.

The property is one quarter mile south of Tahoe City on the west side of State Route 89.

Driver Fined

John Evans, Oakland, was fined $300 on a drunk driving charge and his companion, Laura Frey, Hayward, was assessed $50 on a drunk charge when they appeared before Judge F. W. Wilson last week. They were arrested by Patrolman T. F. Sheehan.

All of the United States output of iodine comes from California where it is produced from wells in Los Angeles and Orange counties.

Scuffle At Bar Results In Near Shooting Case

RENO—Two temporary deputy sheriffs called to the Crystal Bay Club at Lake Tahoe early Sunday morning to evict a patron found themselves with more than just a "routine drunk."

Deputies Ray Plunkett and Merle Sawyer reported they were leading Stewart Brisbin, 41, from the club when he suddenly grabbed Plunkett's revolver.

During the struggle for the .38 caliber weapon, the gun was discharged. The slug struck the shoe of a bystander, one George Brazil. He was not injured.

The deputies noted that Brisbin, a resident of Kings Beach, was "hit on the head while we were trying to get him into our car." He was treated at Washoe Medical Center before being booked at the county jail for disturbing the peace.

Parents, Teachers Will Confer On Report Cards

In order to give additional meaning to the letter grades on report cards which are sent home to parents, the Tahoe-Truckee High School faculty will set aside two nights next week for parent conferences.

Monday, November 18, parents of the Kings Beach and Tahoe City area.

Tuesday, November 19, parents of the Truckee, Donner Trail and Floriston area.

It is hoped that many parents take advantage of this opportunity of getting together with the teachers to share information which will be of benefit to both parties. Through these conferences it is hoped to gather some facts that can be used to help the student make the right decision.

In Capital—
Mr. and Mrs. William Englehatt, Sr., have been vacationing in the Sacramento Valley.

Mori Juror—
Ahthur Mori was named as a juror at Nevada City on an accident suit last week.

Tarzan

by EDGAR RICE BURROUGHS

WITH TERRIFIC IMPACT, BROWN'S BATTERING RAM SMASHED THROUGH THE HULL OF THE ENEMY SHIP!

THE PIRATES THREW OUT GRAPPLING HOOKS, BUT TARZAN HAD STATIONED NATIVES TO KEEP BRUCE'S SHIP FROM ENTANGLEMENT-- AND TO HELP FIGHT OFF ANY OPPOSITION!

A FEW MORE MINUTES DECIDED THE BATTLE, AND THE ONCE-PROUD CORSAIR SANK BENEATH THE WAVES.

AFTER WITNESSING THE DISASTER FROM HIS OWN SHIP, AKBAR CHOSE TO FLEE. "TO THE HIDEOUT!" HE BELLOWED.

DICK VAN BUREN JOHN CELARDO

"FULL SAIL!" BRUCE YELLED. TARZAN NODDED GRIMLY. "THIS IS OUR CHANCE-- WE'VE GOT TO CATCH HIM!"

AKBAR, HOWEVER, WAS NOT ALARMED-- FOR HE HAD CONCEIVED A PLAN TO DESTROY BROWN'S SHIP AND EVERYONE ON BOARD.
